Ok. Good to know. I'll have to choose another way to share them either through Google Drive (if allowed) or maybe simply a zipfile.

I used to have an internal Sharepoint account for my office but EPA's Sharepoint is different and I do not have an account to access EPA's Sharepoint site.

Hi Allison and Rob,

Jayne told me you couldn't access the Share Point site containing the CZARA Ag area plan documents. Do you know if you have a Share Point account? If you do not, then you won't be able to access the documents. In that case we'd have to come up with another way for you to access them.
